EXPERIENCE

WEB DEVELOPER – 109 BURGER JOINT – MIAMI, FL

- Increased takeout sales revenue by 30%, eliminating the reliance on ordering platforms like UberEats, thus eliminating sales percentage charged by such platforms.

- Customers can open an account, navigate the user–friendly UI, and keep tabs on all past orders.

- Established a dynamic craft beer menu for beer enthusiast, beer info provided by Untapped API.

- Revamped SEO to increase sales and promote word of mouth.

WEB DEVELOPER – O & J GROUP CORP – MIAMI, FL

- Incorporate a pricing estimator for fencing projects. Price varies on different fences style and length, gates and door can be included.

- Sales increased significantly by the growth of aggregate of estimates.

- Produced a modern and pleasant UX/UI interactivity with boosted SEO.

EDUCATION

Florida International Universal – Miami, FL

Miami-Dade College – Miami, FL - Associate, 2015

CERTIFICATIONS

- Meta Front-End Developer Specialization – Credential ID H8N5L2VYZ7HK

- Programming with Javascript – Credential ID UEEBL6FBE88L
